Dear Sir:

Confirming the Examiner's instructions during the course of a telephone conversation on Friday, December 15, 2006, a revised 1449 form which lists the correct U.S. patent number reference is being provided for consideration by the Examiner.

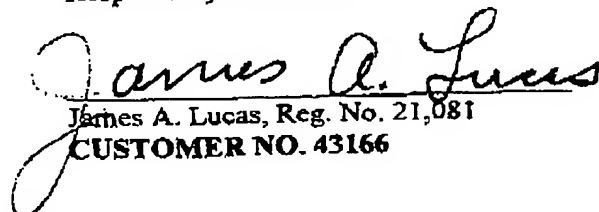

The 1449 form which was originally submitted (a copy of which is attached) listed an incorrect patent number and the reference was accordingly not considered by the Examiner during the course of prosecution. Applicant inadvertently failed to provide the correct number and the application was allowed on November 29, 2006.

It is respectfully requested that the Examiner review U.S. Patent No. 6,457,065 B1 and provide an initialed 1449 form. Should anything further be required, the Examiner is requested to contact the undersigned at 440 338 1406 or jim@driggsllaw.com.

Respectfully submitted,

Date: DECEMBER 18, 2006
